

Are we right for each other?

There was a time when all one needed was a license and a pulse to get a job in physical therapy.

Not here.

When we select a staff member, we're looking for a certain fit that works for us and you. That way we both benefit, and our patients benefit.

The type of person who would fit with us would essentially:

1. be productive and do a good job
2. harmonize with our staff and patients
3. follow policy
4. want to improve his or her knowledge, skills, and worth.

The type of person who's looking for a nice place to put in forty hours for a paycheck is not ideal.

Rinaldi Physical Therapy Career Opportunities

Good Patients.
Great Environment.
Enjoyable Work.

At Rinaldi Physical Therapy we believe that when the whole staff is working productively with a common purpose, work is enjoyable. If someone isn't headed in the same direction or simply doesn't resonate with us, we don't want them working with us. We believe the fit has to work for us, for the employee, and most of all, our patients.

Therapists and Assistants.

Our practice philosophy is to invest in the clinician's education. A great therapist is the most valuable resource we could have.

You'll have the opportunity to advance your clinical knowledge to become a better clinician.

We have produced very good clinicians, including a Board Certified Orthopedic Specialist, a Certified Orthopedic Manual Therapist and a Fellow of the American Academy of Orthopedic Physical Therapy.

Administrative Personnel.

If you really want to just "have a job", you need not apply.

If you really want to make a difference and do something great, then we should meet.

If you enjoy helping people, being productive -not just busy- and contributing to being part of a team that helps each other, then you may have what it takes to be part of the team.

Health care benefits.

Currently Rinaldi Physical Therapy offers medical and dental benefits to full time staff.

Continuing education.

All PTs and PTAs will have the opportunity to go to at least two major continuing education courses in their first year, and will have a curriculum of video and written evidence-based learning materials from which to advance their knowledge.

Administrative education.

Staff have the opportunity to advance their know-how on administrative skills in order to better control their career paths and enhance their abilities and earnings capabilities.

If you believe in physical therapy and want to advance in the profession, consider a career with us.

We're always looking for talented, bright, productive, and ethical people with whom to expand a great practice.
